Hello MA/Credential students,

Below, you will find information regarding CPR certification available at UCSC through the Recreation Department. CPR certification is required for your credential, and you must get certified for infant, child, and adult CPR.

Also, this is a reminder that the first speaker series event will be held on Tuesday, September 22, from noon to 1:30 in the Stevenson Lecture Hall, room 150. Brad Olsen will speak on "Developing Your Professional Identity."

Best,
David Lawson

UCSC Recreation is offering the upcoming CPR classes for the Fall quarter. We only take 10 students in each class. Registration begins online September 29 at 9 am www.ucscrecreation.com
Please forward to students and staff who may be interested in taking these classes.

CPR Heartsaver

This class is intended to prepare individuals to provide care for breathing and cardiac emergencies including performing adult, child and infant CPR, rescue breathing, first aid for choking, accessing emergency medical services, and preventing disease transmission. An AED demonstration will be given. American Heart Association certification issued upon completion.
