

**MA/Credential Program  
Videotape Training Dates  
September '09**

**Videotape Training Dates:**

As part of beginning student teaching, each student will videotape one of his or her classroom lessons during the fall quarter (in October for SS students and November for MS students). Marc Ramos, from the Social Science Media Lab, will work with groups of students to help familiarize you with the video equipment you will be using. Times for the trainings are by MS or SS cohort; they are scheduled around your other classes and based on room availability.

Most sessions will be held in Social Sciences I, Room 261 (Across from the Education Department Office). The session on Tuesday, Sept. 22 will be held in Hum./Soc.Sci. I-Room 259. *Please attend with your designated class group.\**
