

"Anti-Oppressive Educational Research: Lenses from Movement Building"

This colloquium will explore what it means to engage in and leverage educational scholarship toward democracy and justice by drawing on core elements of anti-oppressive social movements. Examples from recent state and nationwide initiatives will be shared, as will lessons learned.

**KEVIN
KUMASHIRO**

Independent Scholar;
Former Dean of School
of Education at USF

*Dr. Kumashiro's work
examines movement
building for equity and
justice in education.*
